

Upper School AP Summer Work Guide 2024

Included in this document are links to specific AP courses' resources and explanations of the work to be completed over summer as set by the course instructors. For many courses you will also find the **code to the course's Google Classroom** so you can access instructions, expectations, and deadlines, as well as have a contact point with the instructor. All work is designed as a way to provide a foundation for the class and assist students in their preparation for the rigor of an AP-level course. The completion of summer work is an expectation for continuation in a course.

English:

AP English 12

Everyone should read the required book and one choice book:

- [All the Light We Cannot See](#) by Anthony Doerr (**ISBN:** 9781501173219)
- Choice Book for AP Portfolio (see instructions and requirements in Google Classroom: **code vj7q4s2**)

NOTE: These directions can also be found on the Summer Reading document. Ms. Davis will give you separate instructions, activities, and due dates via Google Classroom before school's end.

Math:

AP Calculus AB

Join the Math Google Classroom with the class code v7uqz2t to see the full instructions for all the summer work for this class.

AP Calculus BC

Join the Math Google Classroom with the class code v7uqz2t to see the full instructions for all the summer work for this class.

AP Statistics

Join the Math Google Classroom with the class code v7uqz2t to see the full instructions for all the summer work for this class.

Science:

AP Chemistry

Join the summer Google Classroom with the class code **g4ujrip** to see the full instructions for all reading and summer work for this class.

AP Biology

Join the summer Google Classroom with the class code **2in7ljb** to see the full instructions for all reading and summer work for this class.

AP Environmental Science

Join the summer Google Classroom with the class code **s3csvrq** to see the full instructions for all reading and summer work for this class.

Social Studies:

AP World History

Students will need to read the short book *This Fleeting World* by David Christian. You will answer the guiding questions as you read the book. The classes will have a graded discussion on the book during the first week of class. A PDF copy of the book and guiding questions can be found in our Google Classroom. **Join the summer Google Classroom with the class code 6sffgtc** to see the full instructions for all reading and summer work for this class.

AP U.S. History

Join the summer Google Classroom with the class code **f4v3gek** to see the full instructions for all reading and summer work for this class. See Ms. Robinson in U11 June 3-June 5 to pick up the textbook for the course.

Performing and Visual Arts:

AP Music Theory

There is no summer work required for this class.

AP 2D Art and Design

Join the AP Studio Art Classroom with the class code [ccj355c](#) to see the full instructions for summer work, due Aug. 27, 2024.

World Language:

AP Spanish

Join the summer Google Classroom with the class code [wjm2utu](#) to see the full instructions for all reading and summer work for this class.

AP French

Join our AP French Google Classroom with the class code [rwo26mq](#)
All assignments and instructions will be posted there. Merci!
