

The Prairie Fund Effect: The Giving Garden

A place for small hands to plant carrots. The perfect space for an outdoor class. Alumni returning to campus, stopping by the Garden to reminisce, with a beautiful view in the background. This is what the Giving Garden gives to us: a space of growth, learning, and community. It nurtures not only the plants within it, but also the minds and hearts of our students, teaching them the value of sustainability and the joy of growing their own food.

Your support of the Prairie Fund directly impacts the vitality of the Giving Garden, ensuring it remains a flourishing resource. The Garden's upkeep depends on our community's generosity. A gift to the Prairie Fund preserves this space for future generations of students to enjoy.

The Giving Garden most recently gave joy to our community by providing fruits, veggies, and herbs at the Early School Farmers Market. For a glimpse into that day, click [here](#).
